Jane Heffernan 	Headteacher	N/A	N/A	HR, Finance & Premises, Curriculum, Admissions	None
Profile					
<p>I have been involved in Catholic Education as a Teacher and Governor for thirty years. My experience encompasses both Primary and Secondary, single sex and mixed, academy, foundation and maintained urban schools. Before entering teaching, I worked in tax and finance for three years which has been central to secure effective financial control. A key interest for me is the capacity for education to change and enrich the lives of young people and their life opportunities. I see outstanding education as a truly enriching experience that extends beyond the academic qualifications it is expected to provide but to the creation of future Catholic leaders who care about and contribute to their community. I seek to create young people who are highly aspirational with skills, qualifications and experience to realise their ambitions. I hold a BA (Hons) and Masters in School Improvement, a National Professional Qualification for Headteachers (NPQH) and (CCRS) Certificate in Catholic Education. When I am not at work, I spend time with my husband and two children. I have a love of reading, travel and an eclectic taste in music.</p>

<p>My name is Justin Madubuko, I am a Foundation Governor at Cardinal Pole. I became a Governor at this school because many years ago, I as a former pupil and after many years working in commercial banking, I wanted to vocate my time to supporting the growth of this school due to my earlier association with it. I work for Barclays Bank Plc and have done so for the past 11 years, mainly in business banking where I have supported the growth of small businesses right up to multi-million pound trading companies. My aim as a Governor is to help support the school in achieving the highest standards of education that enable the pupils of this school to aspire to be the best students they can be.</p>

I am a Parent Governor, whose initial interest in the Governing Body of Cardinal Pole stemmed from my wanting to get a deeper insight into the education policy that would shape my daughter's future.					
I have a background in the development and implementation of many different Government policies, having been (and continuing to be) a policy advisor to a number of different Government Ministers across different political party administrations. <p>Joanna Narkwa</p> 	Parent	Governing Body	30/10/21	Admissions & HR	Parent Governor at St Mary's Primary School
<p style="text-align: center;">Profile</p> <p>As a parent governor at the school of my youngest child, which fortunately was the primary school I also attended. I still find that St Mary's Primary School provides a safe and supportive environment not only for children and staff but for everyone within the community. I believe I will be able to support Cardinal Pole through this experience. As a mother of four children, I always wanted to give back to the community, which is one of the reasons I started a Maths club and became involved in reading sessions and lunchtime ICT. I became a child care assistant at a children's centre and am now a qualified teaching assistant. This has given me a wider knowledge and greater insight in the forever evolving education system. I feel that it is time for me to develop my skills and offer help in the secondary education system. I have lots of experience in supporting young people with additional support needs and actively work with the school to improve health and safety. I am looking forward to getting to know the staff, parents and students at Cardinal Pole.</p>
