

1st March 2021

Dear Parent/Carer

YEAR 9 COVID TESTING MARCH 10TH AND START TIME ON THE 15TH NOTIFICATION

In line with the Government announcement on the return to school and to ensure your child can return to school, Year 9 students will be invited in on Wednesday 10th March to complete lateral flow COVID-19 testing. Our test centre is run by trained staff and has been vetted by Public Health England. The lateral flow tests will help the school to ensure that we minimise the risk from COVID-19. Daily email reminders via Evolve will be sent to those who have not yet completed their online consent form.

Students need to remain socially distanced from each other on the way into and on the school site to avoid those who may test positive coming into contact with each other and so their entrance and exit times have been staggered.

Students will arrive through the Ponsford Street entrance where they will be registered and taken to the canteen. They should arrive 15 minutes before their test time. After the test is complete they will be dismissed from the school site. Only those students who test positive will be contacted by the school.

Arrival times are as follows:

Year 9 Form	Time
Arrowsmith	8.30am
Campion	9.00am
Clitherow	9.30am
Line	10.00am
More	10.30am
Southwell	11am
Ward	11.30am

Students are not required to wear uniform. After testing your child should make their way straight home and they are not to delay their return home by visiting the local shops or socialising with others.

There will be no Live MS Teams lessons on Wednesday 10th for Year 9.

You must ensure that you have returned the signed Lateral Flow Test consent form so that testing can take place.

Monday 15th March 2021

Students in Year 9 should arrive through the Ponsford Street entrance by 8.40am with registration beginning at 8.50am and lessons beginning at 9.05am.

Yours sincerely,

Mr A O'Donoghue
Associate Deputy Headteacher, KS4
