Parent Forum Outcomes

Forum content: Friday 26th March 2021

It was good see so many parents join the forum. The following were raised for discussion:

Access to physical books. I am delighted to share with you that the library will shortly be open (after Easter) on rotation for students. This is in addition to our virtual library membership and recent free National Book Day book.

Intervention and progress: This is planned for students where there are concerns, in addition to quality first teaching. If you have concerns about your child, please contact Mr English or the Head of Year to let them know your concerns and we will see how we can support further.

Lateral Flow Testing: The school continues to follow the advice of Public Health England on the LFT and will continue to offer these for as long as it is a requirement to do so, with the frequency determined by Public Health England. It is, as you as parents will be aware, about risk management. So far the Covid numbers at school remain low. We will continue to monitor for a further two weeks after Easter and then come to a view about the next steps.

Extra Curricular: The new programme of activities taking place after Easter will be with you shortly.
