

24<sup>th</sup> November 2021

Dear Parents/Carers,

## REVISED YEAR 11 PARENTS' EVENING ARRANGEMENTS

Year 11 should be commended at their outstanding behaviour during the recent mock examinations. I write to inform you that a decision that has been made to change the way we communicate with parents/carers regarding the outcome of the mock examinations. Parents/carers will receive a report in writing before the end of term which you should read and raise any questions you may have on the attached reply slip. Where follow up is required, the school will be in touch and in addition, where there are concerns, there will be invites for parents/carers to attend an Academic Review Day on Tuesday 4<sup>th</sup> January 2022.

The scheduled Parents' Evening on Thursday 2<sup>nd</sup> December 2021 will be deferred until the end of February/March when the school will have two sets of data from the November and February mock examinations and the Government will have made an announcement regarding the summer examinations and whether they are going to take place as full public examinations or whether a contingency plan is in place. In the unlikely event that the exams are cancelled due to the pandemic, this should be known to us no later than 7<sup>th</sup> February 2022. I attach copy of a letter from Ofqual for your information.

Apologies for the late communication on this.

Yours sincerely

Ms J Heffernan  
**EXECUTIVE HEADTEACHER**
