Dear Parents/carers

We are writing to introduce ourselves and inform you that we are the Speech and Language Therapists working at Cardinal Pole School this year. If you are receiving this letter your child is currently on our Speech and Language Therapy caseload.

We are keen to work with parents and to hear from you if you have any queries or questions about your child's speech and language therapy input. You are welcome to contact us via phone or email below, or via the school SENCO.

We look forward to working with you and your child this year.
