## Mission Statement

Cardinal Pole Catholic School is a learning community for all based upon partnership and respect. It is a strong and vibrant place which recognizes the importance and individual needs of every pupil and member of staff. Praise and encouragement is vital in creating a climate of learning and high expectations supported by teaching of the highest quality. The school is full of confident, creative and fulfilled young people and staff. They are celebrated as individuals – unique creations of God – who deserve our support, love and trust as they begin the great journey of life.

Cardinal Pole Catholic School is dedicated to ensuring that all members of the school community and the wider community are treated equally, fairly, and with respect by the school and by each other. This applies to the school as a place of education, a business, and an employer. Prejudice, discrimination, and victimisation are not tolerated, and the school community work hard to instil in our pupils a strong understanding of right and wrong, including the importance of inclusion, acceptance, and compassion towards others. The school's main priority is to provide the best education and care that we can, and establish a cooperative working relationship between home and school, so as to aid the development, progress, and needs of all the children in our care.

This plan sets out how the school will promote equality of opportunity regardless of race, gender, transgender, disability, age, pregnancy and maternity, religion or belief and sexual orientation, in both the delivery of its services and the employment of its staff. It is created by Cardinal Pole Catholic School's governing body with the help of staff in line with the Equality Act 2010 and is the foundation of all the school's other policies – particularly the **special educational needs policy, admissions policy, anti-bullying policy, behaviour policy and recruitment policy**

Through the creation of this equalities plan, we have been able to develop a better understanding of what the challenges to equality are within the school and how we can best deal with these. This policy will be reviewed *annually*, or any time there is an update or change to equality legislation, to ensure that it is being effectively implemented and remains focused and up to date on issues surrounding equality both within the school and nationally.

## School Profile

The school is above average in size with more boys than girls, significantly above average for FSMs, EAL, pupil premium and SEN students.

Number of students in the school: 1040

Recruitment processes take into account the school demographic where possible. Staff are recruited on the basis of best possible applicants without reference to age, disability, gender, sexual orientation etc. Exit interviews are used to confirm the robustness of our procedures.

The Sixth Form ensures that equal opportunities are given to all students to access Higher Education, including mentoring by business, work experiences placements, visits to universities and summer schools. It is presently in the top 2% of schools for progress post 16.

## **Roles and Responsibilities**

Creating a school environment that promotes equality and denounces discrimination is a whole-school responsibility and requires all members of the school community to be actively involved in breaking down barriers to learning and barriers to social and emotional development that prejudice can create.

Individuals in the school are expected to take responsibility for supporting and promoting equality in school above and beyond the responsibilities listed below. The Deputy Head Inclusion strategic responsibility with support of the inclusion team and HR Officer has the day-to-day responsibility for coordinating the implementation of this scheme.

### **Key Groups at Risk**

While the school recognises that any person or group of people can become victim to discrimination, victimisation or unfair treatment, people may be more at risk of becoming victims of inequality. This is monitored, challenged and addressed by the school evaluation processes in place. Processes to challenge and prevent this are in place and this is supported by policies, practice, Diocesan guidelines and the curriculum including the PHSE programme.

Further, you can find all the information about our school's SEN provision including our provision for inclusion in the school's **SEN policy** and the school's **accessibility plan**.

## **Promoting Equality and Social Awareness in School and Within the Local Community**

### **Community Cohesion**

The school expects all of its students and staff to act respectfully towards members of the wider community that the school is part of. This includes parent forum/charities/outreach work with local parishes/community leaders, employers and the schools.

### **Inclusion**

Promoting and practising inclusion in school lessons, around the school site, during all school activities and into the wider community is a key part of developing a positive attitude towards equality and people from different backgrounds. You can find more information regarding our provision for and policy on inclusion in the school's **SEN and Behaviour Policies**.

### **Pupil Voice**

Through our support of student voice we encourage our pupils to have confidence in voicing their opinions and taking responsibility for the world around them. It is important that we teach our children how to engage in mature social and school council interactions and get along with a variety of different types of people. This is developed through student voice by interactions between pupils from different year groups, pupils and staff, and pupils and the wider community.

### **Recruitment**

Cardinal Pole Catholic School committed to providing equality of opportunity for all and ensuring that all stages of recruitment and selection are fair. Recruitment and selection procedures are reviewed on a regular basis to ensure that applicants are not discriminated against on the grounds of race, nationality, gender, religion, age, disability, marital status, pregnancy and maternity or sexual orientation. Cardinal Pole Catholic School monitors recruitment to ensure that unintended discrimination does not take place and is addressed where concerns arise.

Where a candidate is known personally to a member of the selection panel it will be declared before shortlisting takes place. It may then be necessary to change the selection panel to ensure that there is no conflict of interest and that equal opportunities principles are adhered to.

### **Staff**

#### **Equal opportunities for staff**

As part of our commitment to the implementation of equal opportunities principles and the monitoring and active promotion of equality in all aspects of staffing and employment, the school will ensure that:

- all staff appointments and promotions are made on the basis of merit and ability and in compliance with the law;

- staffing of the school reflects the diversity of our community wherever possible;
- as an employer we strive to ensure that we eliminate discrimination and harassment in our employment practice and actively promote equality across all groups within our workforce;
- we respect the religious beliefs and practice of all staff, pupils and parents, and comply with reasonable requests relating to religious observance and practice;
- we ensure that all staff, including support and administrative staff, receive appropriate training and opportunities for professional development, both as individuals and as groups or teams.

### **Staff Discipline and Suspension**

Cardinal Pole Catholic School is committed to ensuring that all school staff are treated fairly and consistently and this is held to account through our **staff discipline, conduct, and grievance policy**.

The education and wellbeing of our pupils is our main priority. Any member of staff who creates a barrier to learning for our pupils will be challenged. The **school's staff appraisal policy** provides more information on how the school monitors staff performance and due reference is made to teaching standards. We hope that staff will feel confident to voice complaints and grievances in the confidential environment of the school and that they will trust the school to deal with their grievances fully, promptly, and fairly.

### **Behaviour, Exclusions and Attendance**

The school **Behaviour Policy** takes full account of the duties under the Equality Act. We make reasonable, appropriate and flexible adjustments for pupils with special educational needs and disabilities. We closely monitor data on exclusions and absence from school for evidence of over-representation of different groups, and will take action to address any concerns that arise in this area.

Read our school ***attendance, behaviour and exclusions policies*** for more information on the processes surrounding these topics.

### **The Curriculum**

Equality is explored explicitly as a means of personal and social development in the following curriculum areas: **PSHE/RE/English/History, as well as across the curriculum.**

### **Monitoring and Review**

This single equality plan will be reviewed annually by the governing body, unless there is specific reason for it to be reviewed earlier (for example an incident involving members of the school community or new legislation). Governors will review how effective it is in tackling discrimination, promoting access and participation, equality and good relationships between different groups, and that it does not disadvantage particular sections of the community. Governors will also review evidence that it is being put into practice in school by staff and pupils, and whether there is any need

for extra training or development sessions across the whole school to ensure it is promoted and implemented as much as possible.

### **Information will be gathered through:**

- identification of children and young people, parents, carers, staff and other users of the school representing the different protected characteristics. This helps us develop and monitor the scheme. Comprehensive and sensitive efforts are made to collect accurate information and meet security of information requirements, in addition to our duty to secure accurate information relating to ethnicity and first language;
- pupil attainment and progress data relating to different groups;
- children's and young peoples' views, actively sought and incorporated in a way that values their contribution;
- information about how different groups access the whole curriculum and how they make choices between subject options;
- sports and activities choices of all groups;
- uptake of the extended school offer by group;
- exclusions data analysed by group;
- records of bullying and harassment on the grounds of any equality issue;
- data on the recruitment, development, and retention of employees;
- outcomes of activities promoting community engagement and community cohesion;
- outcomes of actions taken to secure the involvement of parents and others who have been identified as difficult to engage.

At regular intervals throughout the year the senior leadership team will provide **monitoring reports** for review by the governing body. These will include:

- progress against targets relating to equality and future plans
- school population
- recruitment and retention
- key initiatives
- racial incidents
- exclusion.

### **Outcomes**

One of the most important indicators of how successful we are as a school in promoting equality and eliminating discrimination are the outcomes for various individuals and groups. Where robust analysis of outcomes reveals poorer outcomes for any particular groups, an impact assessment will be carried out and an action plan put in place to aid these outcomes. Action plans will outline:

- objectives and specific actions to be taken
- expected impact and indicators of achievement (success criteria)
- clear timescales
- who has lead responsibility
- resource implications
- specified dates for review.

**Equality Impact Assessments**

Impact assessments are carried out as part of the review of all school policies and assess whether school policies or plans are having a negative or adverse, or positive impact on groups and individuals within the school community.

This is covered as part of our SEF impact evaluation statements.
